Employer Comments:

Jerry has undertaken a number of critical projects during his time with York Region. He has contributed quite a lot of his technical skills and has been a pleasure to work with. Jerry was willing to learn and eager to take on new challenges. In the Regulatory reporting project, he has demonstrated his technical skills and is proficient in carrying out assignments. His job performance has shown exceeding improvement over the course of one year.

Please share any **outstanding contributions/innovations the student made such as published papers, conferences attended, meetings or projects led, patents applied for, or recognition received (optional):**

-Client-issued recognition award (iCare) for Commitment on the Regulatory Reporting project, which was a high profile/priority project involved in reporting to the Ontario Ministry.

Student Comments:

I've learned more in my 2nd-3rd quarter here due to the projects I was working on. Looking back at the older code I wrote, I can definitely see an improvement. I wish that I had had the chance to work on projects using R or PowerBI. I am much more consistent now and can explain my thought process clearly.
